

Step into a
Smarter,
Cleaner Future!

A Game
Changing Frontier of
Smart Life in a
Smart Building

**Say Goodbye to Diesel Generators
Choose Smart Power Backup Today!**

Why Choose Smart Power Backup?

- Economical** : Groundbreaking low cost energy with efficiency and longer trouble free life.
- Smart Features:** Real time monitoring of battery charging/discharging, power consumption, and savings with Smart Power System.
- Sustainability** : Achieve zero emissions and reduce your carbon footprint.
- Customizable** : Bespoke design to your needs.

Green Power Ltd.
"Ultimate Power Solution Provider"

Landscape of Backup Power System

Smart Power Backup
[Battery Energy Storage System]

3 Zero Targets	Not Achievable	Achievable: ▶ Zero Maintenance ▶ Zero Operating Cost ▶ Zero Emission
Warranty	1 year	10 year
WLC	BDT 59.92 Lacs	BDT 33.25 Lacs
kWh Cost	OPEX : $\frac{\text{BDT } 35}{\text{kWh}}$ OPEX + CAPEX : $\frac{\text{BDT } 73.97}{\text{kWh}}$ Higher & Unpredictable.	Solar: $\frac{\text{BDT } 3.13}{\text{kWh}}$ Solar + BESS: $\frac{\text{BDT } 17.35}{\text{kWh}}$ Lower & Save More Over Time.
Saving Scope	Never [The More You Run the More You Cost]	BDT 40.52 Lacs [The More You Run the More You Save]
IoT Feature	Nothing	<ul style="list-style-type: none"> ▶ Smart & Stylish Display at each apartment ▶ Real Time Battery Status ▶ Monitor Battery Charging / Discharging ▶ Daily, Weekly, Monthly & Total Generation ▶ Cumulative Savings ▶ Real Time Power Consumption at each apartment ▶ Graphic Display of Generation and Consumption

Note 1: The Figures shown above based on package no.1

Standard Package

Package	System	Solar	Solar + BESS
01	37.5kVA → BESS 30 kW, 65 kWh + 10 kW	BDT 5.25 Lacs	BDT 33.25 Lacs
02	62.5kVA → BESS 50 kW, 105 kWh + 12 kW	BDT 6.35 Lacs	BDT 53.98 Lacs
03	125kVA → BESS 100 kW, 215 kWh + 15 kW	BDT 7.90 Lacs	BDT 99.16 Lacs

Note 2: Bespoke design possible to your needs.
